## Association for Clinical Biochemistry Southern Region Travel Bursaries 2007 – 2008

The ACB Southern Region is offering a number of travel bursaries to attend international and UK Clinical Biochemistry meetings. The maximum amount available to any member is likely to be £500.00, although requests for larger sums will be considered.

Applicants for the bursaries must:

- a. Present some scientific work, in any form, at the meeting in question
- b. Agree to talk at a future Southern Region meeting on some aspect of the work presented at the meeting

In the event that there are more applicants than funds available for this, priority will be decided by the ACB Southern Region Committee.

If you wish to be considered for a bursary, please send an abstract of the work to be presented (up to one page), details of the meeting including costs ( note that only expenses approved in advance may be claimed), plus a letter supporting your application to:

Ms V R Thurlow
